# COVID-19 HEALTH & SAFETY POLICY

COVID-19 will be with us for the foreseeable future and we must all do what we can to protect ourselves and those we come in contact with. We have developed our policy based on the best medical and science advice made available to us from Toronto Public Health. We all must adhere to the protocols below to keep participants, staff and volunteers as safe as possible.

## 1. Parents must screen children for COVID-19 symptoms prior to attending program

COVID-19 symptoms can vary. If your child or anyone in your household is feeling unwell in any way, **please do not attend the program. Immediately seek medical advice.** If your child or anyone in your household becomes exposed to a suspected or confirmed case of COVID-19, **please do not attend the program.**

**A negative COVID-19 test result and being clear of symptoms for 24 hours are required to rejoin the program.**

## 2. Explain the concepts of hand hygiene and respiratory etiquette

Please explain good hand hygiene (use of hand sanitizer) to your child. Your child should also understand the safest way to cough or sneeze.

## 3. Using cloth and non-medical masks

**K.I.W.I. is conducted entirely outdoors and we will not be using non-medical masks as a rule. Your child is welcome to bring and wear a non-medical mask.**

**\*\*Please note\*\***

Unfortunately, we are not able to refund registration fees or accommodate make-up adventures if you miss adventures due to COVID-19.
